PRODUCT APPLICATION BULLETIN

**Model 2P-800
Heavy Duty
Electric Vibrator**

Technical Specifications

- 3600 VPM at 1 and 3 Phase
- 1000 lbs. of force
- 3/4 Horse Power
- 70 dB on A-Scale at 1 meter

PROBLEM

A construction company was having problems with damp sand clumping in their mesh screen on top of their hopper. The sand would clump and production would halt and the mesh screen would have to be cleaned.

SOLUTION

A VIBCO 2P-800 Heavy Duty Electric Vibrator was installed at the top of the hopper allowing the sand to fall through the mesh screen. No more cleaning off of the screen and therefore no interruptions in production.

BENEFITS

After installing VIBCO Model 2P-800 Heavy Duty Electric Vibrator the customer received the following benefits:

- Increased material flow
- Increased production rate
